WRITE ORDERS

Upon a blank sheet, separate from letter. Orders from new customers should be accompanied by a remittance in the form of a Post Office or Express Money Order, if convenient, or bank bills, if the amount enclosed is not large. Address, always, M. J. Lynch, 256 Main St., Poughkeepsie, N. Y.

PRICES.

The prices quoted are those ruling at this date, and do *not* include free transit, except for flower seeds in packets. Please add for pre-payment of postage or express, as below noted. *All ordinary sorts of seeds can be had in five-cent papers.*

SEEDS BY MAIL OR EXPRESS.

8 cents per pound should be added for pre-payment of postage, if wanted by mail. Charges by express are not uniform, rates depending on distance and locality. Except for small parcels, and to remote parts, the express companies will be found the most economical mode of conveyance, of course, I shall always adopt that mode which costs the least. Neither have I charged for a guarantee of safe arrival by mail; it is rare, however, that seeds fail to reach their destination safely in that way.

IT IS VERY IMPORTANT

That my customers send in their orders immediately on receipt of this Catalogue, instead of waiting till the time when they wish to sow the seed.

NAME, ADDRESS, ETC.

I beg my correspondents to give me very exactly, *on EACH of their orders, their name and address*; also, to indicate *very precisely* the means of carriage which they prefer, whether by EXPRESS, FREIGHT or MAIL, and the office or railroad station which best serves their locality. In case these directions are not followed out or if they are not sufficient, I shall choose myself the most advantageous and convenient means, but entirely at the risk of the customer, avoiding myself all responsibility.

SHIPMENTS BY EXPRESS, "C. O. D."

Unless otherwise instructed, I shall send all such goods as go by express, C. O. D. Orders from unknown customers not desiring this mode of carriage should be accompanied by the cash.

WARRANTY.—I give no warranty, express or implied, as to description, quality productiveness, or any other matter of any seeds, bulbs or plants I send out, and I will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

M. J. LYNCH.

M. J. LYNCH'S Catalogue of High-Class Seeds.

Vegetable Seeds

 Please notice that our prices are quoted at the lowest figures, and do not include the prepayment of express or postage charges. If postage is to be prepaid, add 8 cents per pound.
